A robust, manly son and a cooing baby-girl nestling in her bosom—what more can any woman want? It is a boon that Heaven intended should be granted to every woman.

Thousands fall of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health during the period of prospective maternity.

The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and vitality, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the only unfailing cure for all weakness and disease of the delicate and important organs that bear the brunt of maternity. It makes these organs strong, healthy, vigorous, virile and elastic. It makes the prospective mother strong and cheerful. It robs maternity of its perils. It insures a baby constitutionally strong. It is the invention of an eminent and skillful specialist, who has had thirty years' training in this particular branch, during which time he and his staff of physicians have prescribed for many thousands of women. Medicine dealers sell it and an honest dealer will not urge upon you an inferior substitute merely for the little added profit he may make thereon.

"I am the mother of a nice baby four and a half months old," writes Mrs. J. B. Clough, (Box 234) of Lisbon, Grafton Co., N. H. "I cannot praise too much the Dr. Pierce's Favorite Prescription."

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a solid cathartic. Druggists sell them, and nothing is "just as good."

John Schlyer got in another car of corn this week at his warehouse.

At Herzog on Monday Henry Garvey fell from his wagon, and broke his neck and it was set by Joe Frank and is doing nicely.

John Jacobs has bought the lot of George Grass adjoining King's hotel, with the excavation and rock and will go on and put up a store for his own use.

Monday morning a dozen loads of wheat came in from Munjor to John Schlyer and loaded direct into the car and shipped to Minnesota for prize flour.

YOST evidently believes in Hays and its future prosperity and don't propose to be disheartened and leave. He is adding another elevator to his wheat elevator and has bought the Tower property to use until his home is re-built, and is now contracting for 150 cord of rock to rebuild his residence up on his handsome lot.

A full fledged Coal famine struck this town last and this week, no coal at any of the yards and Yost had to let the farmers have a little from his engine room, and hauled some up from Victoria and dealt out in 250 pound lots.

Again showing he is willing to help the distressed.

ASK YOUR DOCTOR!

Ask your physician this question, "What is the one great remedy for consumption?" He will answer, "Cod-liver oil." Nine out of ten will answer the same way.

Yet when persons have consumption they loathe all fatty foods, yet fat is necessary for their recovery and they cannot take plain cod-liver oil. The plain oil disturbs the stomach and takes away the appetite. The disagreeable fishy odor and taste make it almost unendurable. What is to be done?

This question was answered when we first made

SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphites. Although that was nearly twenty-five years ago, yet it stands alone today the one great remedy for all affections of the throat and lungs.

The bad taste and odor have been taken away, the oil itself has been partly digested, and the most sensitive stomach objects to it rarely. Not one in ten can take and digest the plain oil. Nine out of ten can take SCOTT'S EMULSION and digest it. That's why it cures so many cases of early consumption. Even in advanced cases it brings comfort and greatly prolongs life.
